**Notes to Editors**

Genedrive plc is a molecular diagnostics company developing and commercialising a low cost, rapid, versatile, simple to use and robust point of need or point of care diagnostics platform for the diagnosis of infectious diseases and for use in patient stratification (genotyping), pathogen detection and other indications. The Genedrive® platform and MTB/RIF test have been launched in India and a Genedrive® HCV test has been successfully assessed by the Institut Pasteur, Paris.

Genedrive plc was formerly Epistem plc and continues to provide contract research services to drug development companies under the Epistem brand name.
